MIGRAINE  
eDiary

## Migraine eDiary App\* Removal & Data Retrieval Instructions

**APP ALERT:** After July 31, 2018, you will **no longer be able to use the Migraine eDiary app** or access any of the information you have entered within the app.

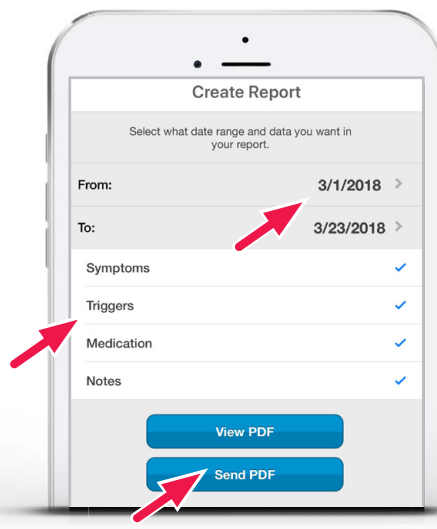

- If you **DO NOT** want to save your information, you can simply delete the app
- If you **DO** want to save your information, follow the instructions outlined below to download it before July 31, 2018

### STEP 1

Open the app on your device and tap the **REPORTS** button in the bottom menu bar

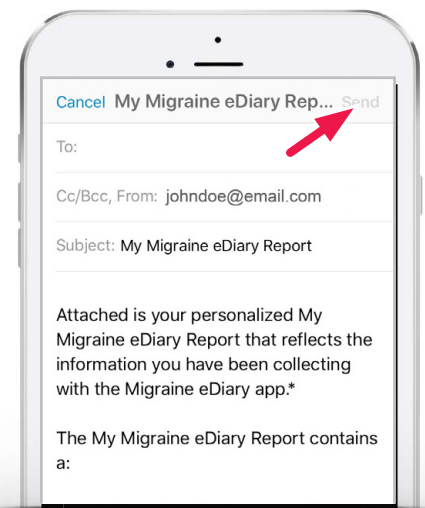

### STEP 2

Once you are on the **CREATE REPORT** screen

- Select a time frame
- Check all the options you would like to include in the report
- Tap the **SEND PDF** button

### STEP 3

A draft email will pop-up with your report attached as a PDF

- Enter your email address and tap **SEND**
- Your **MIGRAINE eDIARY** report will arrive in your inbox as a downloadable PDF

**REMEMBER: Download your information from the Migraine eDiary app before it becomes unavailable on July 31, 2018.**

\*This app is for guidance purposes only. Both the report and the content within this application are for personal use to aid in a discussion with your doctor and are not intended for self-diagnosis. The information contained here is not a substitute for medical diagnosis or professional treatment. Pfizer makes no representation that any treatments you are taking are appropriate for your migraines. You should consult your doctor about your diagnosis and any treatment options. For emergency situations relating to your condition or medication taken, you should contact your doctor or call 911 immediately. This app is intended for US audiences only.
